Due to adverse weather conditions we have been unable to get to the Gola #1 site, therefore nothing has been done since my last 12/1/91 filing. Drilling rig is still sitting over hole and we will bale out hole one more time before removing rig. I am preparing an A.P.D. to drill a new hole Gola #9 on top of the mesa which would be located within 840 ft. of Gola #1.
