Re: EK #11 A-33-18N-3W Injection

Dear Mr. Reynolds:

The above-referenced well does not have a water flood or salt water disposal order. To obtain an order you must complete form C-108 and Injection Well Data Sheet. These must be sent to Santa Fe and our Aztec office. A certificate that notices were sent to the offset operators must be sent to the Santa Fe office. The forms you need are enclosed.

The name of the well on the sundry notice was the Ann #1. Our records show the name to be EK #11. If there is a name change we have not received the notice. Please clarify this also.

If you have any questions please call this office.

Yours truly
