P.O. Box 2265
Wichita Falls, Texas 76307

Dear Mr. Stowe:

On September 23, 1965, we received an intention to drill for your Federal #7 well, 1650 feet from the North line and 330 feet from the East line of Section 33, 18N, 3W, Sandoval County, New Mexico.

On November 30, 1965, we received a notice of location abandonment for the Federal #7 and a notice to drill the Ann (Federal) #7 at a location of 630 feet from the North line and 990 feet from the East line of Section 33.

On December 27, 1967, we received a notice that a Darla #7 well was spud September 30, 1965, and drilled to a total depth of 450 feet. This Darla #7 location is shown to be the same as the Federal #7.

Please advise this office as to how many holes have been drilled according to these reports. Identify by well name, number and footage location.

Yours very truly,

A. R. Kendrick
Engineer, District #3
