Sandoval County, New Mexico
Well # 7

Attention: Mr. A. R. Kendrick
Engineer, District #3

Dear Sir:

After receiving your letter of January 3, 1968 I have personally made a careful check of our files on the #7 well. I find that the correct location and name should be: LOCATION - 1650' from the North line and 330' from the East line, Sec. 33, 18n, 3w, Sandoval County, New Mexico. NAME - Darla #7 Federal.

At the time this mix up occurred I had an office in Dallas as well as Wichita Falls, and part of the office work was being done there and part here. I do not know how this occurred but since that time I have closed my Dallas office and all work is being handled out of the Wichita Falls office. This makes it much easier and all the records stay in one place.

I am sorry for the trouble this has caused you and I will try and see that it does not happen again. Thank you for your consideration.

Sincerely yours,

Arwood Stowe
