MEMBER

STATE GEOLOGIST  
A. L. PORTER, JR.  
SECRETARY - DIRECTOR

Refiners Petroleum Corporation  
900 Bank of New Mexico Building  
Albuquerque, New Mexico 87101

Gentlemen:

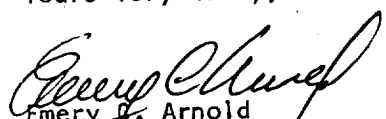

New Mexico Oil Conservation Commission regulations require that GOR tests be conducted on new producing oil wells between twenty and thirty days following date of first production. This information must be filed on Form C-116 within ten days following the completion of the test.

The above mentioned was due for your Cuba Union #1 well on December 21, 1970, and has not been received as of this date. Please conduct and submit this test immediately so that loss of allowable may be avoided.

The test for your Cuba Pan Am #1 well will be due on February 13, 1971.

Thank you.

Yours very truly,

  
Emery G. Arnold  
Supervisor, District III
