*Please drop me a note at  
your convenience to advise  
an acceptable plugging  
procedure on this well. Al  
may have already discussed  
it with Larry Bedford. I will  
call the U.S.G.S. after hearing  
from you.*

*Regards,*

*Gordon Chang*

Re: North American Exploration Corp.  
M-31-23-2 #1 Crosswise  
Sandoval County, New Mexico

Gentlemen:

We have received a copy of the Field Inspection dated 7 May 75 concerning the captioned well, noting fence repairs were required, which was addressed to Tesoro Petroleum Corp.

This well has been removed from production status, and tubing and rods have been pulled. We plan to file a notice of intent to plug and abandon this month. The location will be properly restored after plugging.

Very truly yours,

NORTH AMERICAN EXPLORATION CORP.
