

DEVELOPMENT PLAN
JICARILLA TRIBAL 358 WELL NO. 6

The proposed location is in an area of gas development. Only 0.3 miles of road construction is needed. The location is in an area of sparse vegetation and no timber will be disturbed. Approval for surface work will be obtained from the Jicarilla Apache Tribe.

There are no camps or airstrips nearby. Arrangements will be made for trucking water to the location for drilling needs. Upon completion of the well the location will be cleaned, leveled and the reserve pits backfilled. The attached sketches show in detail the location of the proposed well.
