Re: Order R-5566

Dear Mr. Reynolds:

Your request for additional time to comply with the captioned order has been considered.

It is my opinion that ample time was granted in the order considering that the case was first heard October 13, 1976, and heard again September 28, 1977.

Because of the lack of rig availability, I will grant an extension to January 31, 1978, at which time I expect compliance with the subject order.

Yours very truly,

A. R. Kendrick

Dear Al:

In reference to case No. 6053 in the matter regarding plugging and/or casing Torreon Water Well #1 Sandoval County, New Mexico Located in Unit J of section 21, Township 18 North Range 3 West N.M.P.M.

I have just completed negotiations to instigate a water flood on this property and am preparing the necessary paper work to do same.

And hereby request an extension of time of 90 days from December 31, 1977 to April 1, 1978 if the paper work and availability of a rig can be obtained, we can do this work sooner.

Yours truly,

Noel Reynolds
