13. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

We plan to plug back this well and use it as a kickoff point for a horizontal well at Eagle Mesa. We are in the process of getting approvals to shoot 3-D seismic to better define the prospect. We expect to have the 3-D seismic analyzed by June, 1992. At that time, we will either submit a procedure to drill the horizontal well or a procedure to P&A the well.
