Re: Federal 11C #2      P-11-19N-4W

Gentlemen:

Our records indicate that you have not yet filed an operator name change on the referenced well from Filon Exploration Corporation to your name. Please file the required form 9331 with the Farmington U.S.G.S. office and they will forward us the necessary copies.

Also at this time we would like a copy of a recent water analysis of the water disposed of into this well and records of any analysis run on the water from the Gallup formation of this well at the time of completion.

If you have any questions please contact this office.

Yours truly,

A handwritten signature in cursive script that reads "Frank T. Chavez".
