Apache Flats #6, D-k-22N-4W

Dear Jack:

The 211.60 acres in the northwest quarter of Section 1 is greater than 125% of a standard drill tract for the Pictured Cliffs *and Chaco* formations.

Therefore, we cannot issue the nonstandard proration unit order in this office. Application should be made to our Santa Fe office.

Approval must be secured prior to production of the well. *(both yours)*

If there are questions, please contact us.

Yours very truly,

A. R. Kendrick
Supervisor, District #3
