Gentlemen:

This is in response to your letter dated March 12, 1981, concerning land rehabilitation following the P&A of your well No. 1 PLR Inc., SW $\frac{1}{4}$ SW $\frac{1}{4}$ sec. 23, T. 19 N., R. 3 W., located on Federal lease No. NM-26655, Sandoval County, New Mexico. It is unknown at this time whether any additional land rehabilitation will be required or not. However, we are not allowed to approve a subsequent report of P&A and land rehabilitation until the site has been inspected by the surface management agency (in this case the BLM) and the rehabilitation has been approved by them.

The BLM has been notified of the abandonment of this well and we are awaiting their reply regarding the adequacy of the land rehabilitation. As soon as we hear from them, we will either approve and distribute your subsequent notice or notify you of any additional rehabilitation that may be required.

Sincerely yours,

(Orig. Sgd.) RAYMOND W. VINYARD
