17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

Merrion Oil & Gas Corporation is in the process of performing a reservoir study of the Entrada for potential tertiary recovery. We are also performing a geologic study on the Gallup, Menefee, and other possible productive zones which may have additional potential in the Media field.

We request that the subject well remain shut-in for one year while we determine the best plan for the wellbore. If no additional potential exists, the well will be properly plugged and abandoned.
