13. Describe Proposed or completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Merrion Oil & Gas had proposed to complete the plugging and abandonment of the subject well by the present time, however we have had problems with the plugging rig. It was scheduled to move to the well and complete plugging operations by Friday, August 17, 2001. The rig was not able to move to this well due to a breakdown requiring major structural repairs. The rig should be repaired and the plugging completed by October 15, 2001.
