Jerry:

The forms you had attached to this was the set you mailed to our Santa Fe office. I inquired about them when I was in Santa Fe and after you told me that you had sent them there - I was told that they had been sent here. Someone sent them back to you by mistake. We have your set which were received here on March first being processed through our paper mill - and the approved copies will be sent out this week - probably with this letter. Sorry about the confusion.
