Gentlemen:

By Sundry Notice dated October 3, 1979, you advised this office of your drilling plans for the following wells in Sandoval County, New Mexico:

<u>Well No.</u>	<u>Location</u>	<u>Lease No.</u>
1 Federal 8-20-2 ✓	NWSW 8-20N-2W	NM-34848
2 Federal 19-22-6 ✓	SWSE 19-22N-6W	NM-21455
2 Federal 20-22-6 ✓	NWNE 20-22N-6W	NM-17008
2 Navajo 9-22-7 ✓	NESE 9-22N-7W	NOO-C-14-20-5591

Sundry Notice indicated that you may drill Well No. 2 Federal 19-22-6 after further evaluation. Since an environmental inspection had not been made of this location, you are advised to re-file the Application for Permit to Drill, necessary Designations of Operator, and arrange for an environmental inspection sixty days prior to the time you plan to drill the well.

All of the above Applications for Permit to Drill are cancelled this date and returned herewith unapproved. Any construction of access roads or well pads will have to be restored to the satisfaction of the appropriate surface managing agency.

If at some later date you decide to drill these wells, it will be necessary to file new applications.

Sincerely yours,
