## DEVELOPMENT PLAN FOR SURFACE USE

DOME FEDERAL 11-20-2 Well No. 1

2000' FWL, 500' FSL

Sec.11, T20N,R2W

Sandoval County, New Mexico

1. Existing Roads

The main road to the location is Highway 197 from Cuba, NM towards Torreon Trading Post, as shown on the attached topographic map.

2. Planned Access Roads

The access road, to be routed as shown on the attached map, will be 18' wide with adequate ditch and water bars.

3. Location of Existing Wells - None.

4. Location of Proposed Facilities

Flowline and tank battery will be on location pad. Equipment and pits will be fenced as required for protection of livestock and wildlife.

5. Location and Type of Water Supply

To be hauled from Media field water well.

6. Source of Construction Materials - Not applicable.

7. Method of Handling Waste Material

All garbage and trash that can be burned shall be burned. All trash that cannot be burned will be contained in a trash pit & covered with a minimum of 24 inches of dirt. All drilling waste, ie. cuttings, overflows of oil, water & drilling fluids will be contained in the reserve pit & buried w/ adequate cover upon completion of operations. The reserve pit will be fenced until cleanup operations are commenced. Toilet facilities will be provided.

8. Ancillary Facilities - No camps or airstrips are proposed for this location.

9. Wellsite Layout - See attached diagram.

10. Plans for Restoration of Surface - Cleanup of the location will commence immediately following the removal of the drilling equipment. The reserve pit will be fenced until restoration operations are commenced. The location will be returned to original contour if the well is not productive. Both the road & location will be reseeded in accordance with BLM specifications.

11. Other Information

This location is on sparsely vegetated sandy land. Vegetation consists principally of sagebrush & native grasses.
