RE: No. 1 Demas Well
(Formerly No. 1 Myra)

ATTENTION: Mr. A. R. Kendrick, Engineer, District #3.

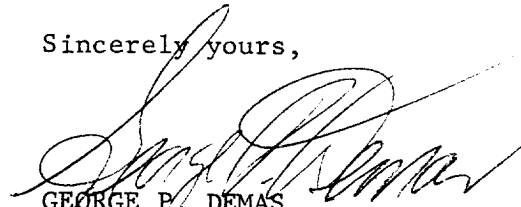

Dear Sir:

Please excuse the delay in answering your correspondence of December 30, 1965, as we had thought this was taken care of in the past.

I am attaching hereto the two applications for Permit to Drill with the necessary changes. I am also attaching a copy of Form 9-331, Sundry Notices and Reports on Wells on the same well. You will note that the well was formerly named the No. 1 Myra (1-34 Myra), however due to the conflict of the Commission requirements, the correct name should have been No. 1 Demas, as noted in the Form 9-331.

We sincerely appreciate your cooperation in this matter. If additional information is desired, please contact us.

Sincerely yours,

GEORGE P. DEMAS
Secretary
