Re: Armijo Reservoir #1 K-16-21N-4W

Gentlemen:

A recent inspection by personnel from this office reveals that the referenced P&A well does not show the name and number, operator and location of the well, in violation of rule 202. P&A can not be approved until this work is completed. Please notify this office, when the location is ready to be reinspected.

Yours truly,

A handwritten signature in cursive script, appearing to read "Charles Gholson".

Charles Gholson
Deputy Oil & Gas Inspector
