(NOTE: Report results of multiple completion on Well Completion or Recompletion Report and Log form.)

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

The Gary-Williams Company requests permission to conduct a 7 day production test on the above mentioned well. Results will determine whether the well will be produced full time or under the present schedule of 2 days a month. This test will determine whether the well can be economically produced on a full time basis. GOR test will be conducted and a C-116 will be submitted to the New Mexico Oil Conservation Division.
