Re: Jicarilla 55 #2R, P-35-23N-3W, Sandoval County, N.M.

Dear Mr. Andres:

On the sundry notice that you sent to the BLM you indicated that the well should be numbered the Chacon Dakota #2R. You are drilling a replacement well for the Jicarilla 55 #2, therefore, it should be designated the Jicarilla 55 #2R. The dedicated acreage for the well should be 160.11 acres and the pool name should be changed to the West Lindrith Gallup-Dakota. We request that you submit another sundry and plat with the corrected information.

If you have any questions, please contact this office.

Yours truly,

Ernie Busch
Geologist II
