Re: San Isidro 11 #16, 11-T20N-R3W  
San Isidro 12 #2 & #4 12-T20N-R3W  
San Isidro 13 #11 13-T20N-R3W

Dear Mr. Hager:

The NMOCD has received your sundry notice of intention to set up a gas gathering system and commence injection. It is not necessary to submit a sundry notice to set up a gas gathering system. However, in order to test injection into the San Isidro 13 #11, the NMOCD will need a detailed summary of the testing procedure to be submitted before testing begins. Please notify the NMOCD 24 hours prior to testing so that a Division Representative can witness the test.

In order to continue permanent injection, it will be necessary to give notice by submitting a Division C-108 form complete with all attachments, as required by NMOCD Rule No. 701.B.1. After the application for authority to inject is received a hearing will be required by NMOCD Rule No. 701.C. A C-108 form is enclosed for your reference.

If you have any questions, please contact this office.

Yours truly,

  
Carolyn J. Taplin  
Field Representative
