RE: Temporarily Abandoned Wells  
Penistaja 4-11, K-04-20N-04W

To Whom It May Concern:

Our records indicate that the above wells are in violation of Rules 201, 202 and 203. Please review your records and contact this office regarding the current status of these wells. Plans to bring these wells into compliance are to be submitted by June 1, 1993 and work completed by December 31, 1993. Rule 203 requires that a notice of intent to temporarily abandon a well be submitted on a Sundry Notice (OCD form C-103), and that a mechanical integrity test (MIT) be conducted on the casing prior to final approval. If there is a notice of intent to P&A filed and approved for these wells, the work is to be completed by December 31, 1993.

If you have any questions, please feel free to contact this office.

Yours truly,

*Dianna K. Fairhurst*
