17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting and proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Gary-Williams Oil Producer, Inc. requests permission to temporarily abandon the San Isidro 24, #13 well. The Mesaverde formation has been tested and no commercial production was found from this formation. GWOP feels that the Gallup has potential and would like to test this formation when economic times warrant. Approval for temporary abandonment status for this well would prevent premature abandonment of recoverable hydrocarbon reserves.
