Lease No. NMNM62577

Enclosed please find three (3) copies of a Sundry Notice (Form 3160-5) regarding changes in the abandonment procedure for Shogoil's Chuijuilla 3114#1 well. Since there is a use for the uncemented 7" intermediate casing, which can be cutoff and pulled, and since the BLM is requiring three (3) plugs within the cemented 7" casing, the procedure has been changed.

Last week the access road was repaired, so the abandonment and restoration work is supposed to begin next Tuesday, October 20th. Al Yepa in the Cuba office will be notified so that the BLM can witness the plugging.

These changes have been discussed and cleared by the OCD in Aztec, which is being sent a copy of this letter and the Sundry Notice.

Sincerely,

John Somers
