WATER SHUT-OFF ☐ REPAIR WELL ☐
FRACTURE TREATMENT ☐ ALTERING CASING ☐
SHOOTING OR ACIDIZING ☐ ABANDONMENT ☐
(OTHER) ☐

17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS

We intend to alter the casing program as follows for this well:

The original program called for 9 5/8" conductor casing to be set at 40'.

We intend to omit this casing because the drilling rig selected does not have steel mud tanks and therefore a conductor/riser is not needed.

The original program called for 23# 7" surface casing to be set at 100'.

We intend to set used 20# 7" surface casing at 100'. The new casing design meets the design criteria of the old design and is much less expensive.

18. I hereby certify that the foregoing is true and correct.
