If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

As per telephone conversation dated 3-17-98 at 11:15 a.m., with Stephen M. Mason, the Witty #1 well pipeline right-of-way Cultural Resources Inventory, which was scheduled on 2-20-98, was postponed because of inclement weather and extremely muddy roads. Dugan Production Corp. has rescheduled said archaeological field inventory, and will submit archaeological report and recommendations, and accompanying sundry notices by 5-1-98. Thank you for your cooperation on this pipeline right-of-way matter.
