Gentlemen:

References are made to your Applications for Permit to Drill (APDs) the wells listed on the enclosed list. Please note that it is the policy of this office to grant extensions of APDs up to a total of one year from the original expiration date. As extensions have been granted for a total of one year from the original expiration date, the subject APDs will expire as of the expiration date of the last extensions. Your sundry notices of November 2, 1992 are returned, with no action taken. Any expired APD may be resubmitted at any time when definite drilling plans are formulated.

You may spud any of these wells prior to expiration of the extensions. You are required to request surface rehabilitation instructions from this office if construction activities occurred on any of referenced drill sites that are not spudded. If this office does not receive comment within 30 days, we will presume that no construction occurred and proceed accordingly. Later discovery that construction activities have in fact occurred, may result in assessment of liquidated damages. If you have any questions, please contact Mr. Errol Becher of this office at (505) 599-8914.

Sincerely,

/s/ John L. Keller
