Section 8, T21N, R8W
San Juan County, New Mexico

Dear Mr. Stogner:

This is a request for administrative approval for a non-standard gas well location in the Snake Eyes Dakota "D" pool.

Merrion Oil & Gas plugged back and completed the Escovada No. 1 well from the Wildcat Entrada to the Snake Eyes Dakota "D" Pool. The current location of this well is 990' FSL & 1900' FWL, Section 8, T21N, R8W, San Juan County, New Mexico. This well is considered non-standard because it is closer than 790 feet from an external boundary of the spacing unit. To comply with the NMOCD rules, Merrion is submitting the following for your approval of this non-standard location:

1. C-102 plat showing location of the well;
2. Plat showing offset owners/operators;
3. Affidavit of notification of offset owners/operators;

A copy of this application is being submitted to all offset owners/operators by certified mail with a request that they furnish your Santa Fe office with a Waiver of Objection, and return one copy to this office.

Sincerely,

George F. Sharpe
Petroleum Engineer
