Dear Emery,

I acknowledge receipt of your letter of February 23rd.

Please be advised that Mr. W. H. Cheney, geologist for James T. Watson, is being informed of the operator's shortcomings on delinquent reports as regards last work done, results obtained and the well record on the captioned well. These should reach us in the not too distant future so that we can close the file on this well.

Sincerely,

Eugene A. Chavez
Oil & Gas Inspector - District #1
