Re: Earnhardt #1 G-35-24N-1W

Gentlemen:

The referenced well has been temporarily abandoned since 1969 without the necessary approvals described in Rule 202. Our records indicate that the lease on which this well is located is now under a different operator, therefore, there is little possibility that this well can be made useful.

You are hereby directed to file a request for temporary abandonment immediately pending your submittal of a request to plug and abandon the referenced well.

If you have any questions, please contact this office.

Yours truly,
