Gentlemen:

As you are aware, the referenced well was plugged by your company in December of 1985.

This office has not received a subsequent report of P&A. In order for us to place the well in its proper category and get it out of the computer as an active well, please submit this report on Form C-103 as soon as possible.

Final P&A approval will not be granted until the report is received.

If you have any questions, please contact this office.

Yours truly,
