Durango, Colorado

Re: Annual Deliverability Test

Dear Sirs:

We anticipated that the engineering section of your company would re-calculate the tests we returned to you earlier. Therefore, we did not complete the calculations on the report for your Jicarilla Apache "B" #6 (enclosed). The corrected figures circled in green were omitted from the corrected copy typed in your office.

Please cause another corrected copy to be submitted.

Yours very truly

A. R. Kendrick
Engineer, District #3
