Albuquerque, New Mexico

Gentlemen:

Our records indicate that a 1960 deliverability test has not been submitted on your #1 Sperling well in Unit I, Section 30-24N-6W, Rio Arriba County.

As Dakota production will be prorated beginning February 1, 1961 it will be necessary that this test be filed prior to January 10, 1961 or an allowable cannot be assigned.

Will you please check your records and contact us about this matter.

Yours very truly

Emery C. Arnold
Supervisor, District #3
