Attn: Mr. Royce McCary

Dear Mr. McCary:

Since our telephone conversation concerning the naming and numbering of wells on your Jicarilla lease, I have discovered one additional discrepancy. You took over a well from U. S. Smelting and Refining Co. in Unit M-33-24N-4W which is now designated as the Jicarilla 70 #1. You have also indicated that you plan to re-enter a well in ~~A-28-24N-4W~~ previously operated by J. Felix Hickman which is also on the Contract 70 lease. You have also designated this as the #1 well.

I suggest that you refile Federal Form 9-331 for this well and designate it as the "Jicarilla 70 #2" as you do not presently operate any other wells on this lease except the number one.

We have received our copies of changes made on the Jicarilla 71 lease and wish to thank you for your prompt cooperation.

Yours very truly,
