*Gentlemen:*

*Our files do not indicate that Form C-110 was filed for this well naming El Paso Natural Gas Company as transporter of the gas. Form C-110 was filed by your company changing ownership of the well but at that time you evidently did not know who the transporter would be. Will you please file Form C-110 showing El Paso Natural Gas Company as gas transporter.*

*We also note that a deliverability test was conducted in July, 1963 on this well and on September 19, 1963 we received a connection notice from El Paso Natural Gas Company showing the well was connected July 13, 1963 but that first delivery was made on September 16, 1963. Will you please explain this discrepancy.*

*Yours very truly*

Supervisor, District #3*
