Dear Sir:

We have not received any indication of subject wells ability to produce oil.

We cannot assign subject allowable until we have received Request for Oil-Gas Allowable, form C-104, showing an oil potential. Forms are enclosed for your convenience.

Subject well is within the Escrito-Gallup Oil Pool which has no special pools rules; therefore, operation is covered by the state-wide rules. Spacing is 40 acres and the limiting gas-oil ratio is 2,000 cubic feet per barrel.

If we can be of assistance, please contact us.

Yours very truly,

A. R. Kendrick
