1. The first part of the document is a letter from the President of the United States to the Congress, dated January 1, 1861. It is a very important document, as it sets out the policy of the new administration. The President states that he is committed to the principles of liberty and justice for all, and that he will work to maintain the Union and the Constitution.

2. The second part of the document is a report from the Secretary of the Treasury, dated January 1, 1861. It provides a detailed account of the financial state of the country, including the amount of the national debt and the revenue of the government. The Secretary states that the government is in a sound financial position, and that he will continue to work to improve the economy.

3. The third part of the document is a report from the Secretary of the Interior, dated January 1, 1861. It provides a detailed account of the land and mineral resources of the country, including the amount of land that has been surveyed and the amount of minerals that have been discovered. The Secretary states that the government has a large amount of land and minerals, and that he will continue to work to develop these resources.

4. The fourth part of the document is a report from the Secretary of the War, dated January 1, 1861. It provides a detailed account of the military forces of the country, including the number of soldiers and the amount of equipment. The Secretary states that the government has a large and well-trained military, and that he will continue to work to improve the military.

5. The fifth part of the document is a report from the Secretary of the Navy, dated January 1, 1861. It provides a detailed account of the naval forces of the country, including the number of ships and the amount of equipment. The Secretary states that the government has a large and well-trained navy, and that he will continue to work to improve the navy.
