Re: Redfern Development Corp.  
Largo Spur #1  
J 18-T24N-R6W

Dear Mr. Porter:

We are asking for approval under rule 403 of the New Mexico Oil Conservation Commission Rules & Regulations to meter the gas from the Redfern Development Corp. Largo Spur #1 dually completed well in the following manner:

- (1) The Gallup formation will be hooked directly into a compressor.
- (2) The Dakota formation gas will be metered and then hooked into the compressor.
- (3) The Southern Union Gas Co. sales line will be tied into the outlet of the compressor.
- (4) The Gallup formation gas will be computed by subtracting the metered Dakota gas from the total metered gas.

Very truly yours,

Jim L. Jacobs

West Office Box 200  
New York, N.Y.

Mr. J. J. Hooton  
Oil Commission  
Box 1000  
New York, N.Y.

Dear Mr. Hooton:  
Reference is made to your letter of  
October 1, 1934.

Very truly yours,

We are asking for approval under Rule 403 of the New York Oil Com-  
mission Regulations to operate the gas from the  
Birmingham Development Large Gas Field (large gas field) in the  
following manner:

- (1) The gas from the formation will be hooked directly into a compressor.
- (2) The gas from the formation will be hooked into the compressor.
- (3) The gas from the formation will be hooked into the compressor.
- (4) The gas from the formation will be hooked into the compressor.

Very truly yours,

Wm. L. Hooton

Oil Commission
