Dugan Production Corporation
P. O. Box 234
Farmington, New Mexico 87401

Attention: Mr. Jim L. Jacobs

Gentlemen:

Reference is made to your letter dated March 12, 1969, wherein you request authority to commingle Gallup and Dakota gas from Redfern Development Corporation's Largo Spur Well No. 1 after separately metering the Dakota gas, passing the commingled stream through a compressor, and then metering the combined streams into Southern Union Gas Company's sales line. The Gallup production would be determined by subtracting the metered Dakota gas from the total metered gas.

Redfern Development Corporation is hereby authorized to measure the gas from both zones of the abovementioned well in the above-described manner.

Very truly yours,

A. L. PORTER, Jr.
Secretary-Director
