Mr. E. S. Oberly
El Paso Natural Gas Company
Box 990
Farmington, New Mexico

Dear Sir:

We have discovered that all the forms filed for your Canyon Largo Unit Well No. 115 - B-8-4N-8W, prior to the notice of gas connection, have shown the well to be in South Blanco Pictured Cliffs Pool when in fact it is in Ballard Pictured Cliffs Pool. I will correct all forms in the Santa Fe office file and suggest you do the same in your file so that further errors will not be made.

Very truly yours,

ELVIS A. UTZ
Gas Engineer
