Gentlemen:

Texaco Inc. requests administrative approval for an unorthodox location. The subject well was recently recompleted in the Dakota formation, and Texaco is requesting permission to produce the referenced well from this formation. Approval to this application would require an exception to NMOCD Rule 104.C.I.. Texaco Inc. holds the rights to all spacing units directly surrounding the referenced spacing unit. Please find enclosed a well location and acreage dedication plat (form C102), and an offset map showing the surrounding spacing units to the subject well.

If you have any questions please contact this office at (505) 325-4397. Your attention to this matter is greatly appreciated.

Sincerely,
