Re: Commingling of Pictured Cliffs
and Chacra Zones
Jicarilla "C" No. 12

Dear Mr. Chavez,

Referring to our letter of March 21, 1980, the subject well is currently being commingled as authorized by Commission Order R-5388. Production will be allocated as outlined in Item 2 of the Order (60% Pictured Cliffs; 40% Chacra). As a result, the well should be exempted from all future packer leakage tests.
