Amoco Production Company
501 Airport Drive
Farmington, New Mexico 87401

Gentlemen:

The "Well Completion or Recompletion Report and Log" for your No. 1 Jicarilla Apache Tribal 125, located in the SW1/4 sec. 35, T. 25 N., R. 4 W., Rio Arriba County, New Mexico, on Jicarilla lease Contract 125, indicates that production from the Gallup and Dakota formations is commingled in the bore hole.

You are requested to file six copies of "Notice of Intention to Down-hole Commingling" (form 9-331) indicating in detail your proposed completion and producing plans. Since the well is located on an Indian lease, U.S. Geological Survey approval of your plans will be necessary, in addition to State approval.

Please file one copy of N.M.O.C.C. "Administrative Order to Down-hole Commingling" with each copy of U.S.G.S. "Intent to Down-hole Commingling."

Sincerely yours,

(Orig. Sgd.) J. W. LONG */ear*

Jerry W. Long
District Engineer
