INSTRUCTIONS

General: This form is designed for submitting a complete and correct well completion report and log on all types of lands and leases to either a Federal agency or a State agency, or both, pursuant to applicable Federal and/or State laws and regulations. Any necessary special instructions concerning the use of this form and the number of copies to be submitted, particularly with regard to local, area, or regional procedures and practices, either are shown below or will be issued by, or may be obtained from, the local Federal office of the Bureau of Land Management, or the State agency. See instructions on items 22 and 24, and 33, below regarding separate reports for separate completions.

This form is to be used for all types of wells, including but not limited to, oil, gas, water, geothermal, and other types of wells. It is to be used for all types of completions, including but not limited to, plug and abandonment, completion, and other types of completions. It is to be used for all types of logs, including but not limited to, core analysis, all types electric, etc., forms, and other types of logs. It is to be used for all types of surveys, including but not limited to, directional surveys, to the extent required by applicable Federal and/or State laws and regulations. All attachments should be listed on this form, see item 33.

Item 4: If there are no applicable State requirements, locations on Federal or Indian land should be described in accordance with Federal requirements. Consult local State or Federal office for specific instructions.

Item 18: Indicate what elevation is used as reference (where not otherwise shown) for depth measurements given in other spaces on this form and in any attachments.

Items 22 and 24: If this well is completed for separate production from more than one interval zone (multiple completion), so state in Item 22, and in Item 24 show the producing interval, or intervals; top(s), bottom(s) and name(s); (if any) for only the interval reported in item 33. Submit a separate report (page) on this form, adequately identified,

For each additional interval, to be separately produced, showing the additional data pertinent to such interval.

Item 29: "Sacks Cement": Attached supplemental records for this well should show the details of any multiple stage cementing and the location of the cementing tool joint for each additional interval to be separately produced, showing the additional data pertinent to such interval. (See instruction for Items 22 and 24 above.)

Item 20. Submit a separate completion report on this form for each material to be separately produced. (See instructions for items 21 and 22 above.)
