17. DESCRIBE PROPOSED OR COMPLETED OPERATIONS (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)

ARCO Oil and Gas Company, Operator, desires to cancel plans to recomplete this well to the Gallup formation and commingle with existing Dakota production, as approved by the BLM on February 17, 1984. This cancellation is necessary because El Paso Natural Gas and Northwest Pipeline have both indicated that no form of contract for Gallup gas production can be arranged at this time.

(Please refer to BLM letter of 4/25/85 requesting status report-copy attached)

(Note: We advised Mr. Jim Llovato of the BLM via telephone on 5/10/85, that the scheduled recompletion of this well was cancelled and a Sundry Notice would be forwarded shortly.)
