17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

On October 15, 1979, Mobil was granted authority to drill this well as the W. O. Hughes Well #5. However, to avoid unnecessary drilling, part of the W. O. Hughes farm was communitized with Federal lands (see attached plat) and a non standard unit was formed. This unit was approved December 14, 1979.

Due to the shortage of drilling rigs, this well was not started within the required 90-day period. Therefore, a 30-day extension is requested.
