OPER. Produce Basin Dakota zone			

Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

Getty Oil Company proposes to close the 1,500 Baker Model "L" sliding sleeve located at 6020 AB and remove Model "P" blanking plug. This will permit the Basin Dakota zone to produce and the Vtero Gallup zone will be shut in (pending approval of Dual Completion). Getty Oil Company will conduct a packer leakage test upon completion of this operation. We will perform this operation as soon as the sundry notice is approved. (See attached drawings)

I hereby certify that the information above is true and complete to the best of my knowledge and belief.
