13. Describe Proposed or completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work. If well is directionally drilled, give subsurface locations and measured and true vertical depths for all markers and zones pertinent to this work.)*

Merrion Oil & Gas has received approval to P&A the subject wellbore. Due to rig scheduling and location inaccessibility (muddy roads) we were not able to complete the work as originally scheduled. The rig is now scheduled to move on location 12/7/98. We propose to complete the plugging operation no later than 12/11/1998.
