17. Describe Proposed or Completed Operations (Clearly state all pertinent details, and give pertinent dates, including estimated date of starting any proposed work) SEE RULE 1103.

It has been determined from the various logs on this well and logs and production data on offsetting wells that sandstone capable of hydrocarbon production is not present in this well. It is therefore intended to plug and abandon this well in the following manner:

Spot plug across Pictured Cliffs from 3190 - 3390' w/68 cu. ft. cement.  
Spot plug across Ojo Alamo from 2670 - 2770' w/34 cu. ft. cement.  
Spot cement plug to surface with 34 cu. ft.  
Install dry hole marker.

Verbal approval to perform this work was obtained from Charles Gholson.

18. I hereby certify that the information above is true and complete to the best of my knowledge and belief.
